THERMAL BREAK WILL GET YOU 7 STARS

If you're searching for windows and doors that are guaranteed to see your home reach an all-important 7 star rating – Bradnam's Thermal Break range is non-negotiable. The pinnacle of energy-efficient and innovative design, it's no wonder that they are the preferred selection for builders in heating climates across Australia.

Offering architectural symmetry with all Bradnam's products – the range effectively reduces energy consumption without sacrificing design. Effortlessly achieve a 7 Star Rating with Thermal Break windows and doors placed strategically throughout the home.

PROTECT YOUR HOME AGAINST HEAT LOSS

Bradnam's Thermal Break products are expertly designed with cutting-edge technology to ensure the utmost resistance to heat transfer – a feature that is exceptionally important for those residing in **Heating Climates**.

Protecting the home from extreme temperatures, Thermally Broken windows and doors prevent hot air from infiltrating the home during Summer, and retain radiant heat during Winter, due to their unparalleled insulation. As a result, residents will enjoy year-round comfort, a reduced carbon footprint, and a smaller electricity bill.

PUT TO THE TEST

When measuring the energy efficiency of Thermal Break windows and doors, the proof is undeniable.

Compliant with WERS

The Window Energy Rating Scheme (**WERS**) assesses the energy efficiency of the entire product – not just the glass. This enables windows and doors to be rated and labelled for their annual energy impact on a whole house in any given climate of Australia.

All Bradnam’s windows and doors are WERS-compliant

WINDOWS

	Product	Glass Specification	U-Value	SHGC
Fixed	Essential Fixed Window EXT TB 52mm	Double Glazed Low-E	1.5	0.57
	Signature Fixed Window INT TB 100mm	Double Glazed Low-E	1.6	0.46
Awning	Essential Awning Window TB 52mm	Double Glazed Low-E	2.0	0.39
	Signature Awning Window TB 100mm	Double Glazed Low-E	2.1	0.38
Sliding	Signature Sliding Window TB 100mm	Double Glazed Low-E	2.3	0.38

DOORS

	Product	Glass Specification	U-Value	SHGC
Hinged	Signature Hinged Door TB 100mm	Double Glazed Low-E	1.9	0.39
Sliding	Signature Sliding Door TB 100mm	Double Glazed Low-E	2.1	0.47

SEAMLESS DESIGN WITH ARCHITECTURAL SYMMETRY

Each product within the Thermal Break range offers complete architectural symmetry with all Bradnam's products, meaning that selections can be mixed and matched for the most appropriate choices in each unique space.

Such visual consistency achieves a seamless, clean, and flawless finish throughout the home, while also allowing the cherished element of flexibility in the design process.

Customers have the opportunity to customise their windows and doors down to every last detail – combining selections from the 'Essential', 'Signature', 'Double Glazed' or 'Thermal Break' ranges to achieve optimised energy efficiency without sacrificing their style preferences.
