What is a bi-fold window?

If unobstructed views or seamless indoor-outdoor living are a priority for your home, then our bi-fold window offers the perfect solution. Contemporary and chic, this window ticks all the boxes of a modern, functional design – with lightweight yet durable aluminium panels that can fold in on themselves in one or both directions to reveal wide, open spaces.

Also referred to as ‘concertina windows’ or ‘folding windows’, this high-performance selection fully maximises its opening capacity to connect interiors with outdoor spaces. Ideal as a kitchen servery or a standalone feature in a living area, it provides purpose, fluidity, and effortless operation.
